JUNIOR HIGH PERFORMANCE COACHING

Welcome to Saunders Performance Golf at Morgan Creek

The Junior Performance Coaching programs are specifically designed for the golfer who exhibits the potential, passion and desire to succeed at the highest levels of the game.

The highly customizable programs aim to provide a roadmap to families with long-term goal orientation to support their athlete in the pursuit of their dreams.

Based on the Athlete's initial game evaluation, a comprehensive Performance Plan will be developed incorporating formative assessments, customized training / playing schedules and goal planning strategies, ensuring a 360 degree approach to the athlete's development.

The coaching team at Saunders Performance Golf will go beyond just analyzing swing technique and will provide a long-term holistic approach, nurturing the athlete throughout *THEIR JOURNEY* so that they mature into well-balanced individuals both on and off the golf course.
